Detailed description

Our 14 townhouses range from 130 to 190 square meters, with 2 to 3 bedrooms on the upper floors and a spacious living and entertaining area on the ground floor. There are terraces on each level for uninterrupted sea and mountain vistas. They have a large front and back garden area and covered parking space. Each townhouse is a unique design. Homeowners can choose fixtures and finishes to create a home that reflects their own take on Montenegrin living. 14 impeccably designed townhouses are available within our first phase. Other future townhouses will be situated in a variety of areas within Lustica Bay including the upper hillsides overlooking the golf course and sea and along the waterfront for intimate coastal views. We can offer you different sizes of townhouses at different prices. Call us for more details, please. No agency's fee.
